

We are recruiting students during all year and according to the needs of the applicants the length of our internship can vary between 1 to 12 months.

We are a team of internationals so the main language which is spoken is English. But also we can place the interns into teams which deals a lot with local tasks in Spanish (in case of wanting to practice Spanish). They can deal with Spanish clients and suppliers.

Remember that In our main websites you can see some of our businesses and sister companies where we can hold interns, we have our group of companies since more than 22 years:

<http://www.dpointgroup.com>, <http://www.dpinflatables.com>, <http://www.dpointmusic.com>, <http://www.dpcard.net>, <http://www.dprental.com>, <http://dpcrypto.net/>, <http://dpcourse.com/>

Also, we do need interns who speak different languages to help us with our expansion and business development of our Giant Advertising Products.

See our main markets:

- <http://www.dpinflatables.com> (Spain and Latin America) (interns who speak Spanish are needed)
- <http://www.dpinflatables.net> (UK and USA)
- <http://www.dpinflatables.fr> (French Markets)
- <http://www.dpinflatables.it> (Italy)
- <http://www.dpinflatables.de> (Germany)
- <http://www.dpinflatables.info> (Brazil and Portugal)

You can find in the following links, our products with the prices of inflatable attractions (<https://www.dpinflatables.com/catalog.html>) and inflatable advertising products (<https://www.dpinflatables.com/ma.html>).

For more information about the tasks of each department please check <http://www.dpointgroup.com/careers.html>

Latest Video anniversary: In 2020 Dpointgroup announced its 18th anniversary! We are celebrating it with this video:

See Our instagram and LinkedIn as well:

https://www.instagram.com/dpoint_group/

<https://www.linkedin.com/company/dpointgroup>

See our CEO profiles:

<https://www.linkedin.com/in/daniel-bukin-73706161/> (After the internship, the intern can get a LinkedIn recommendation that can be seen by +20k Followers)

<https://www.facebook.com/daniel.bukin.1>

and more...

Take into account that the internship can be done in different ways:

- Completely in the offices if it is possible for the intern to come (Spain already reopened its borders).
- The intern can start online and come later on to the offices in Barcelona.
- The internship can be done completely online (Teleworking/Remotely through our Platform).
- The intern can push forward the dates without a problem (change/choose the start, ending date, or duration if needed).
- The internship can be done half online and half at the offices.

Hereby we would like to inform you that you can also participate in the Erasmus Mobility Program for STAFF MOBILITY TRAINING, which usually lasts 7 to 10 days, we have a positive experience because we have already hosted staff from other universities. To start with this initiative, first you have to inform your Central International Relations Office at your University that is making applications and let them know that you want to apply to KA1 (Key Mobility 1) which is the mobility aimed to the staff and students as individuals.

If you manage to apply and get a grant as a staff, you have to send us the agreements and the list of the participants, after that we will sign agreements, and then you can plan your trip to Spain, to visit our company and/or participate in our team building learning activities. For more information please contact us.

We will be waiting to receive applications including the CV of anyone interested and we will respond as soon as possible.

Many Thanks,

Kind regards,

Daniel Bukin,

Dpointgroup,
